

Adobe Creative Cloud Student License Pack

Adobe introduces a new way to foster digital literacy and teach your students the essential skills they need to succeed in the modern economy at home, at school, or on the go. Student License Pack gives students access to the full power of Adobe Creative Cloud at a great price. Individual departments or entire institutions can purchase the packs on behalf of 250 or more students via the Adobe Value Incentive Plan (VIP).

Key benefits

Exceptional pricing

Get the best student pricing Adobe has to offer through VIP. Student License Pack is just US\$189 per student per year with a minimum order of 250 licenses. All Apps plans only. That's a savings of 50% off other student purchase plans.

On-the-go access to creative tools

With Student License Pack, students aren't restricted to working on lab or classroom computers. They can use their Creative Cloud apps and services on their personal computers, smartphones, and tablets—and they can easily access and work on files across devices.

Unlimited access to Creative Cloud apps and services

With all of Adobe's creative desktop and mobile apps at their fingertips, students can create amazing work for any medium and develop essential digital skills. They can also use Creative Cloud services such as Adobe Portfolio and Behance to showcase their work to potential employers.

Easy license management

Your school's IT admins can quickly assign licenses to individual students, add or delete users, assign products, and add administrators in the [Admin Console](#). And they can easily reassign the same license as students and courses come and go, as many times as needed.
